Face Coverings at CCS

Thank you for your faithfulness in sending your children to school wearing their face coverings each morning. This has been a long, arduous journey, but we are open! We rejoice that we have the opportunity to teach your children in person at school! For now, we need to request that our students continue to wear face coverings to school each morning. While in the building, they have face shields to wear, but after school it is particularly difficult to keep students socially distanced while waiting to be picked up. That makes face coverings particularly important. So if they wear a face covering in the morning, they will have a face covering to wear home after school. It's also helpful to label washable face coverings, so if they are misplaced we know to whom they belong. The office does not have face masks available for students when they forget their masks, so we are particularly appreciative of your help with this situation. Thanks so much.
